RESPONSE TO NOTICE TO COMPLY MAILED JANUARY 13, 2003

In response to the Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence or Amino Acid Sequence Disclosure, please enter the following amendment and consider the following remarks.

AMENDMENT

In the Sequence Listing

Please cancel the Sequence Listing and insert, therefore, the new Sequence Listing attached hereto.

REMARKS

The Notice to Comply identified that SEQ ID NO. 3 provided the incorrect positions for two Xaa amino acids (see line 63 of the Sequence Listing). The new Sequence Listing correctly identifies the Xaa positions in SEQ ID No. 3 as six and seven (in addition to 2 and 3). With this

Amendment, Applicants respectfully submit that the Sequence Listing is in good order.

A computer readable copy of the Sequence Listing is provided herewith. The computer readable copy and the paper copy are the same. No new matter has been added.

Respectfully submitted,
